

Care Resource Community Health Centers \$171.5 Million Economic Impact

Florida’s Community Health Centers (CHCs or FQHCs) have provided high quality, comprehensive primary care services in medically underserved communities for more than 50 years. Florida’s 50 FQHCs treat 1.6 million patients at about 650 locations statewide, including dozens of mobile units.

Care Resource Community Health Centers, Inc. operates six locations across Miami-Dade and Broward Counties. These sites provided 87,500 visits to about 21,000 unduplicated patients in 2020 – of which 87% of patients reporting incomes were at or below 200% of the poverty level and two-thirds either had no insurance or were enrolled in Medicaid.
